

**INDIVIDUAL PIANO INSTRUCTION AVAILABLE AT CLAY-PLATTE MONTESSORI**

**BEGINS SEPTEMBER 6TH, 2017**

Clay-Platte is excited to be able to offer piano lessons again this school year. Linda Jurkiewicz began working with students at Clay-Platte in January of 2017. She has been teaching piano for over 8 years and currently has openings for new students.

Research into the effects of musical study has shown that:

- ✓ *There are direct correlations between musical study and verbal competency, motor and auditory skills, reasoning abilities and problem solving - essential abilities that children take into adulthood.*
  
- ✓ *Study in the arts develops character traits such as discipline, perseverance, teamwork, patience, self-control, problem solving, and empathy.*

Lessons will be offered on Wednesdays. Her comprehensive approach to learning the keyboard includes sight-reading, technique, music theory and aural training. Her recommendation is that a child as young as 5 years old can successfully learn keyboard skills.

If you are interested in learning more about this opportunity, please contact Linda at 816-226-9313 or at [lizzer58@gmail.com](mailto:lizzer58@gmail.com)
